

WHERE INSPIRATION REIGNS

The mountains are conducive to clear thinking and deep discussions. In the captivating landscape, our hotel offers everything that's important for a meeting: quiet, space and light, amazing cuisine and very attentive service. Central but absolutely peaceful accommodation: slightly above the village of Adelboden and surrounded by a pleasant garden. In every direction there are views of the mountains and the sky above.

As a small, elegant hotel specialising in equally small but discerning conferences, we offer the ideal setting for your inspiring moments. We look forward to hosting you.

Denise Mani and Daniel Schüpfer, your hosts
